

CCDE Advanced Lab Boot Camp

CCBOOTCAMP® is pleased to offer the official authorized Cisco CCDE® Advanced Lab course. Our CCDE 5-Day Instructor-Led Advanced Lab Boot Camp contains five consecutive days of intense training from our Cisco® certified industry experts. This course is designed to assist students in passing their CCDE Lab Exam for an unbelievably low price.

Pre-Requisites

- Read in full recommended CCDE books from Cisco Press in advance of attending. (Most current list will be provided once you register for the course).
- A comprehensive understanding of all the technologies listed on the CCDE Lab Exam Blueprint.

Course Summary

This official authorized Cisco course is offered by CCBOOTCAMP, a Cisco Learning Solutions Partner®, and is designed specifically to prepare students for passing the CCDE Lab Exam. The Cisco Certified Design Expert (CCDE™) validates advanced network infrastructure design principles and fundamentals for large networks. With a CCDE certification, a network professional demonstrate an ability to develop solutions which address planning, design, integration, optimization, operations, security and ongoing support focused at the infrastructure level for customer networks.

Course Description

- CCBOOTCAMP offers its students the choice of on-site or remote boot camp. Choose the option which best suites your needs. Attend a boot camp at one of our facilities or attend the boot camp remotely.
- Class length is five consecutive days, and runs from 9:00 AM to 5:00 PM Monday through Friday. In addition to classroom time, there will be daily homework assignments to be completed at night. These are very full days, so students should arrive at our facility rested and prepared to work.
- CCDE Advanced Lab class will have a maximum of eleven students.
- Each student receives dedicated instructor mentoring to ensure all concepts are completely understood.
- CCBOOTCAMP courseware is updated to reflect the current content of the CCDE Lab Exam.
