

CCIE Security Written Boot Camp

CCBOOTCAMP® is pleased to offer the official authorized Cisco CCIE® Security Written Exam course. Our CCIE Security Instructor-Led Written Exam Boot Camp contains four consecutive days of intense training from our Cisco® certified industry experts and one day of testing. This course is designed to assist students in passing their CCIE Security Written Exam for an unbelievably low price.

Pre-Requisites

- Review the eBook material (included with this course) in advance of attending.
- A basic understanding of all of the technologies listed on the Cisco CCIE Security Written Exam Blueprint.

Course Summary

This official authorized Cisco course is offered by CCBOOTCAMP, sponsored by a Cisco Learning Solutions Partner®, and is designed specifically to prepare students for passing the CCIE Security Written Exam. The CCIE (Cisco Certified Internetworking Expert) Security certification validates the expert knowledge and mastery of skills required to configure and manage all elements found within the Cisco CCIE Security Blueprints.

Course Description

- CCBOOTCAMP offers its students the choice of on-site or remote boot camp. Choose the option which best suites your needs. Attend a boot camp at one of our facilities or attend the boot camp remotely.
- Class length is four consecutive days of training and one day of testing, and runs Monday through Friday from 9:00 AM to 5:00 PM. In addition to classroom time, there will be daily homework assignments to be completed at night. These are very full days, so students should arrive at our facility rested and prepared to work.
- Each student receives dedicated instructor mentoring to ensure all concepts are completely understood.
- CCBOOTCAMP courseware is updated to reflect the current content of the CCIE Security Written Exam. Our courseware is updated after each class based on previous feedback.
- Free practice questions and one test attempt is included (a \$350 value)!
